

# Material Handling Engineering 1973 EDITORIAL INDEX

This index of articles appearing in MHE in 1973 is arranged by function. Articles are listed alphabetically under each function category.

The month of publication and opening page number are given for each article. ("13th" indicates that the article appeared in MHE's special Mid-May issue on mobile powered equipment. "14th" indicates that the article appeared in the special Mid-September issue on packaging/material handling interaction.)

Note that each article is preceded by a code key. This code key can be used in conjunction with an Index by Product (see page 120) to find articles which cover specific products.

## Assembly, production, scrap and refuse handling; plant planning; material handling maintenance

|      |  |      |     |
|------|--|------|-----|
| A-1  | Checkweighers expand systems versatility   | Dec  | 46  |
| A-2  | Computer does it all at IBM's new distribution center                              | May  | 48  |
| A-3  | Conveyor system takes the work out of IBM's work enrichment program                | Nov  | 49  |
| A-4  | Directory of Technical Literature  | July | 57  |
| A-5  | Distributor does turnkey job on mechanized handling system                         | Apr  | 34  |
| A-6  | Driverless tractors: new tricks for an old standby                                 | 13th | 76  |
| A-7  | Engine fuel and exhaust system strive for longer life, less emissions              | 13th | 90  |
| A-8  | Failure engineering: management's new demand on integrated systems                 | May  | 44  |
| A-9  | Flexibility is the key to record handling system                                   | July | 50  |
| A-10 | From staging to conveyors on a budget  | Feb  | 84  |
| A-11 | Handling system that works is the only kind to have at 10° below zero              | Dec  | 41  |
| A-12 | How to blend fixed path and flexible equipment in a productivity formula           | Jan  | 42  |
| A-13 | If it's pilferable, Ford keeps it in-plant   | Aug  | 42  |
| A-14 | Island dock speeds loading of container vans                                       | Aug  | 44  |

| A-16 | Joint MH conference is an industry first   | Nov  | 66  |
| A-17 | Lift truck attachments: another way to boost productivity                          | 13th | 111 |
| A-18 | Lift truck components: tighter specs for longer life                               | 13th | 95  |
| A-19 | Line monitoring can boost packaging productivity                                   | 14th | 42  |
| A-20 | Manufacturers and distributors talk about MH equipment selling                     | Nov  | 68  |
| A-21 | Monorail lets two plants use one shipping department                               | May  | 54  |
| A-22 | More facts on OSHA and lift trucks   | 13th | 117 |
| A-23 | New, modern brewery puts total reliance on MH                                      | May  | 52  |
| A-24 | New packaging/handling equipment makes debut at 1973 PMMI Show                     | 14th | 4   |
| A-25 | No more wait-and-see for air film handling   | Oct  | 50  |
| A-26 | Northrup's productivity: a philosophy, a plan and a provable program               | Jan  | 48  |
| A-27 | OSHA update: Packaging machinery—if it moves, cover it up                          | June | 54  |
| A-28 | OSHA update: Twenty MH practices most cited by OSHA                                | June | 48  |
| A-29 | Oldsmobile racks up yard storage gains   | Aug  | 39  |
| A-30 | Pack it right and keep 'em happy   | Dec  | 50  |
| A-31 | Packaging is integrated with material handling                                     | May  | 41  |
| A-32 | Pallet rack system is key to National Geographic's efficient, new storage facility | Sept | 56  |
| A-33 | Pneumatic handling update  | Dec  | 54  |
| A-34 | Pneumatic load balancers make electroplating easy                                  | Mar  | 52  |
| A-35 | Service training emphasis: knowledge cuts repair time                              | Feb  | 82  |
| A-36 | Special stacking racks eliminate battery rejects                                   | Apr  | 42  |
| A-37 | Storage system puts patterns in their place—safely                                 | Apr  | 44  |

|      |  |      |    |
|------|--|------|----|
| A-38 | Systems still scary, but sensible stances coming on strong | Dec  | 57 |
| A-39 | Towlines: versatility spurs rediscovery                    | Sept | 47 |
| A-40 | Warehouse is designed around an MH system                  | Apr  | 40 |
| A-41 | Western Electric advances technology in high rise delivery | June | 41 |
| A-42 | Where do you store elevator components? Upl                | Nov  | 64 |
| A-43 | Why sideloaders are enjoying an increased popularity       | 13th | 82 |

## Bulk handling

|      |  |      |    |
|------|--|------|----|
| B-1  | Belt conveyor beats trucks for moving materials              | Sept | 58 |
| B-2  | Checkweighers expand systems versatility                     | Dec  | 44 |
| B-3  | Design your corrugated boxes for warehouse conditions        | 14th | 37 |
| B-4  | Developments in shrink wrapping                              | Oct  | 62 |
| B-5  | Directory of Technical Literature                            | July | 57 |
| B-6  | Front end loaders and skidders as material handling tools    | 13th | 80 |
| B-7  | It's Westward, hol for the MHI Show                          | Feb  | 58 |
| B-8  | Joint MH conference is an industry first                     | Nov  | 66 |
| B-9  | Monorail lets two plants use one shipping department         | May  | 54 |
| B-10 | OSHA and environmentalists dictate changes for bulk handling | July | 53 |
| B-11 | Pneumatic handling update                                    | Dec  | 54 |

## Equipment selection, purchasing and trends

|      |  |      |     |

## Index according to products

MHE's 1973 articles are listed here according to product classification. In this case, a code key is used rather than listing each title. The code key, A-1, B-2, C-3, etc., refers to the matching code key which precedes each article list in this section. For instance, the first article

under "Bulk and liquid handling and storage equipment" (below) has code key A-4 which refers to a matching code key on page 117. That code key precedes an article title and the month of publication and page number for that article.

**Bulk and liquid handling and storage equipment;** including bulk conveyors and elevators and pneumatic conveyors: A-4, A-15, A-16, A-24, A-28, A-33, A-41, B-1, B-10, C-45.

**Casters, wheels and hand trucks; hand pallet trucks, portable elevators and floor cranes; lifts and positioning equipment:** A-4, A-15, A-16, A-28, A-41, C-50, E-4, E-6.

**Computers and EDP equipment; scales and weight control devices; electric and electronic controls; communications equipment:** A-1, A-2, A-3, A-4, A-8, A-9, A-10, A-13, A-15, A-16, A-19, A-24, A-27, A-39, A-38, A-41, B-4, C-4, C-14, C-15, C-19, C-33, C-45, D-5, D-29, E-4, F-7, F-36, I-37.

**Conveyor belting, parts and equipment; OEM components; power transmission equipment:** A-3, A-4, A-9, A-10, A-15, A-16, A-19, A-28, B-1, C-22, C-37, E-4, E-6, F-2, F-36, G-28.

**Conveyors: overhead, roller, wheel and flat belt; towline conveyors:** A-2, A-3, A-4, A-5, A-6, A-8, A-11, A-12, A-13, A-15, A-16, A-23, A-24, A-26, A-28, A-39, A-40, B-1, C-37, C-45, C-52, D-5, E-4, F-28, F-36, G-28.

**Dockboards and dock accessories; doors and door controls; shipping accessories:** A-4, A-14, A-15, A-16, A-28, E-4.

**Floor maintenance equipment and supplies; refuse handling equipment:** A-4, A-15, A-16, A-28, E-4.

**In-plant containers and tote boxes; shipping containers:** A-2, A-3, A-4, A-10, A-15, A-16, A-24, B-3, B-4, C-3, C-12, C-14, C-31, C-42, C-45, D-5, D-29, E-4, E-6, F-2, G-28.

**Miscellaneous; consultants; engineering planning aids:** A-4, A-15, A-16, A-20, A-24, A-25, A-27, A-35, A-38, B-3, B-4, C-14, C-20, C-29, C-32, C-37, C-42, C-45, C-50, C-55, D-8, D-20, D-21, D-29, D-32, D-34, D-36, D-37, E-4, E-14, E-17, E-18, E-19, E-21, E-23, F-7.

**Mobile cranes; front end loaders:** A-4, A-15, A-16, A-28, A-41, B-6, C-53, E-4, J-13.

**Overhead cranes and monorails, components and accessories; hoists; grabs, slings, hooks and magnets; vacuum handling:** A-4, A-13, A-15, A-16, A-21, A-25, A-26, A-28, A-34, A-42, C-50, E-4, J-13.
